

matchbox enclosure cards

created by Rachel Johnson • rachel@swap-bot.com • www.rljart.com

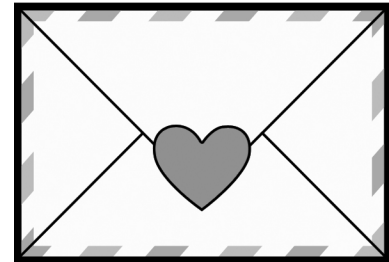

black lines = cut

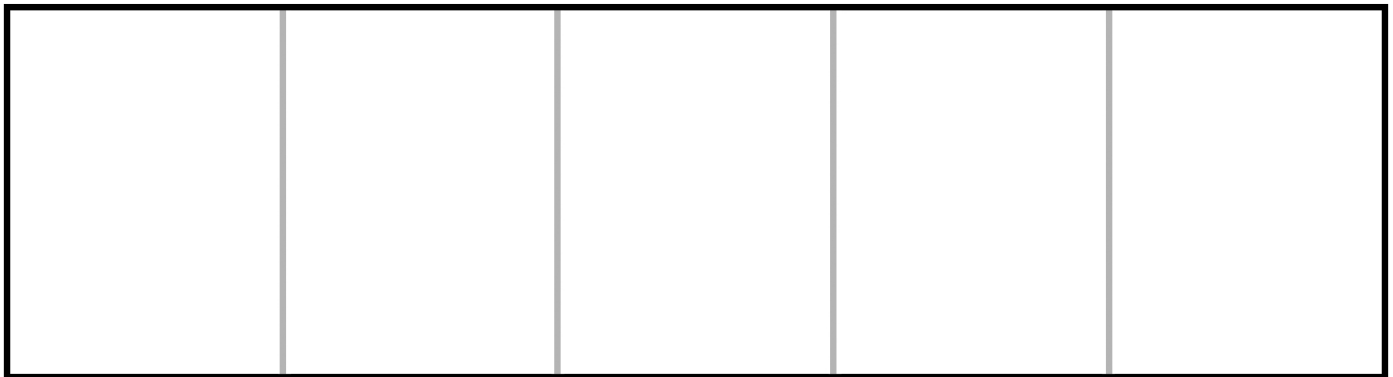

grey lines = fold

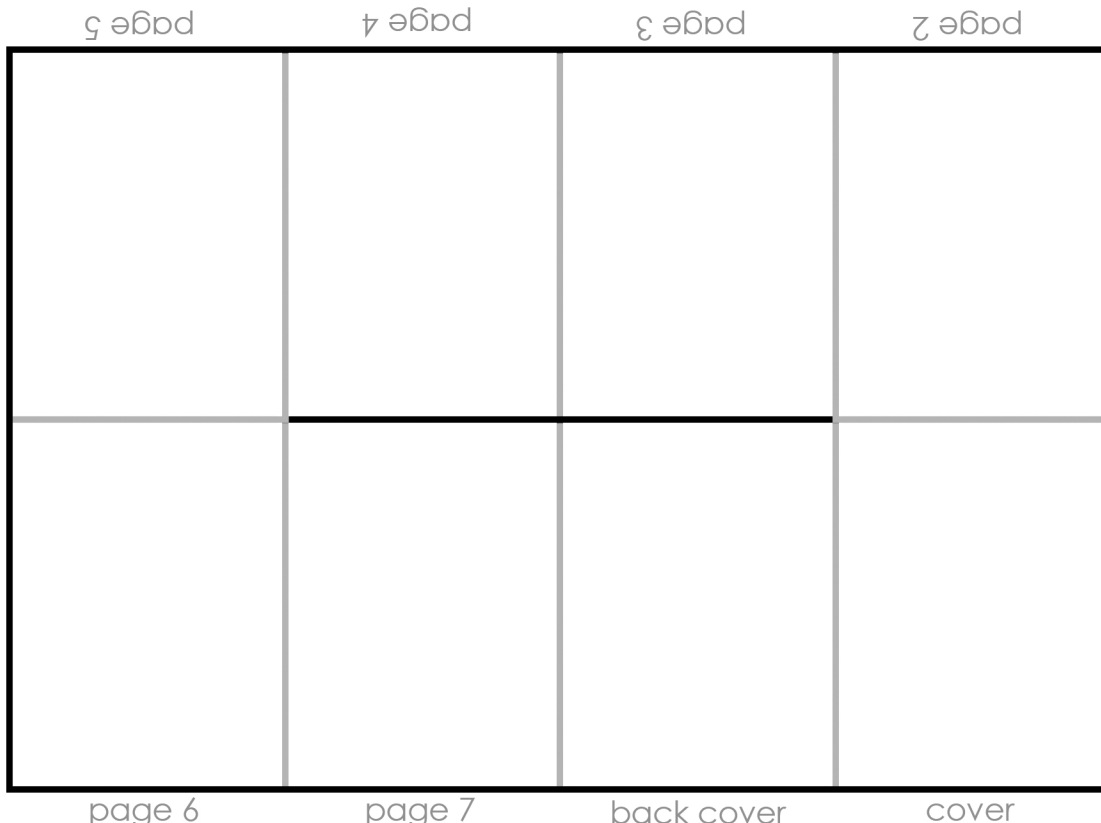

folded
card

flat card

accordion card

folded
booklet

Instructions:

1. Cut along all black lines; score and fold along all grey lines.
2. Fold booklet in half lengthwise.
3. This gets tricky: Pull out the two center pages (on each side of the cut center area) at their folds to create two pages. The "spines" of page 6/5 and cover/2 will end up touching.
4. Fold the cover and back page around the other pages to create the booklet.
5. Decorate your pages or write a little zine!
